## ABOUT US

The firm was established in 2002 under the name of PT Goal Indonesia. As of 2008 the name of the firm changed to PT Green Consult where its business is focused on sustainability management consulting services. Green Consult is the first corporate sustainability consulting firm in Indonesian.

We engage in sustainability management starting from the strategic level through to planning and delivering operational services. We are committed to promote innovative and sustainable solutions. Add value' to our clients' organizations. Build trust. Maintain the highest professional standards consistent with best practice and deliver practical and timely advice and effective outcomes to our clients.

## VISION

To become a leader in sustainability management consulting service in the Region

## MISSION

We focus on corporate sustainability management consulting by delivering excellent integrated professional services to our clients with the theme of: "Be sustainable with us." We believe that in order to achieve sustainable enterprise, our clients need to shape the business strategy to meet the demand of today's society.

We are able to integrate social and environmental concerns to the core business strategy of our clients as well as to increase our clients' transparency and accountability. Sustainability issues faced by global business world today include: sustainable master planning, managing environmental responsibility, carbon reduction initiative, life cycle analysis, community development initiative, implementing stakeholder engagement, maintaining corporate reputations and provide an innovative sustainability communicating.

We have professional and competent staff and team work as we strongly believe that this provides the foundation for better service for our clients.
